

REBECCA BRACELET

Our company **Rebecca** has been producing jewellery for a long time. It is a family-run company located in Empoli, it is famous all over the world and it is also advertised on television.

Our range of products has not changed much these years but with the arrival of summer we have decided to launch a new special bracelet.

This new 24K gold bracelet is composed of three different strings in yellow gold, pink gold and white gold. These strings are arranged in an illogical order so they make the bracelet sporty but also elegant. The heart-shaped bracelet lock is unusual and elegant.

We have decided to target our bracelet at teenagers and young people so its price is not very high even if the bracelet is top quality, classy and fashionable. The quality/price ratio is excellent.

The new bracelet is packed in a small bag which is available in different colours. Each bag is placed inside a box whose cover features a photo of the bracelet and the name of our company.

Thanks to the development of online sales, our website has been renewed and you can visit it if you need further information.

Our customers will receive a discount coupon on the purchase of this new bracelet. We are sure that this new product will be appreciated by our customers.
