

Vespa Piaggio with Bags for pets

Our company has been producing “Vespa Piaggio” for a long time.

“Vespa” is a Tuscan brand of scooters manufactured by “Piaggio SPA” and it has evolved greatly since a unique model of scooter was manufactured by Piaggio in Pontedera in 1946. Piaggio is known all over the world and operates in more than 50 nations in Europe, Asia and America.

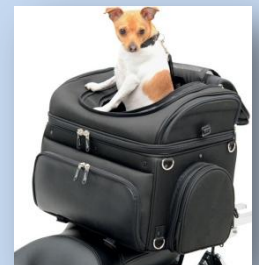

We are going to launch a new product on the market. We offer a “Vespa” with a bag for pets. It is ideal for all those people who love motorbikes and animals. We offer a wide range of colours and types of bags. <

This product conforms to safety standards and it is approved for its use on the roads.

This bag may come in different sizes. The inside of bags is equipped with a soft material to allow your pet to be comfortable. It is spacious and features air vents for animals.

We can also sell these bags separately and they have a good quality-price ratio. The basic price is € 150 but this depends on their sizes and models.

As for the purchase of these products, you can buy them in all our stores or online through our website “Vespa.it”, where more information and photos are available.

We are sure that these products will be appreciated by the most demanding customers who love their small pets.

“Vespa” is one of the most iconic scooters in the world and we hope to attract a large segment of the market presenting this innovation.

You can visit our website or contact us by email at vespapiaggio@gmail.com or even phone at 0571362456 for more information about our products.
