

Good afternoon, ladies and gentlemen. Welcome to this meeting. Our company is proud to launch a marketing campaign for our new sunglasses.

Our new sunglasses are excellent in summer; they are a superb shield against eye-damaging UV sunrays and they can give new life to your look and personality. Here is our latest creation: 2016 Gucci Sunglasses.

Our sunglasses have large round lenses and light slats. They come in

green and red.

Their lenses are made of glass or organic materials. Their main frame is made of metal and resin and it is elegant, strong and sophisticated.

We are going to produce a limited set of frames with slight different shapes.

Their frame is available in: blue, black, brown, white green, gold and silver.

Our sunglasses are light, simple, elegant and suitable for every occasion.

They are ideal for girls and women who want to be fashionable at any time.

We are offering these incredible sunglasses at \mathbf{k} the promotional price of $\pounds 200$.

You can try on our sunglasses and choose your favourite colour in our shops all over the world.

Well, I hope you enjoyed the presentation. On the desk, next the door you will find brochures with full technical specifications and details.

Thank you very much for listening.

Now, are there any questions?
