

# Alj-B

Good afternoon, ladies and gentlemen.

Welcome to this meeting. We are proud to launch our new "Alj-B" handbag.

Our creation consists of monogrammed PVC for textile handbags and it is available in many colours: pink, violet, black, grey, plum pink, and camel. It comes in three sizes: small, medium and large.

Inside our bag there are lots of useful pouches to keep your mobile phone, keys and wallet safe.

Its inner part is made of a very resistant fabric.

The extraordinary feature of this must-have is that you can use it during the day and at night. You can wear it at work using its comfortable shoulder strap and enjoy your night out using its handles.

You can find our handbag in our stores at a very special price.

Well, I hope you enjoyed the presentation. On the desk next to the door you will find brochures where you can find specifications and details.

Thank you very much for listening!

**"That's the handbag for every cool girl!"**
